

## Class Charities 2024 – 25

As a Catholic school, one of our main objectives is to help our children understand the importance of charity. At the beginning of this term, all children were given the opportunity to research and present information to their peers about a charity of their choice. The response was incredible. All classes across school have now democratically adopted a charity to support this academic year.

Many thanks to all the children who took the time to research and present information to their classmates about a charity of their choice — and to their parents for helping out too.

This year's charities we will support are:
